

LORO PIANA OUTDOOR FABRICS

100% Polypropylene UV resistant for outdoor use, specially designed for areas such as decks, patios and verandas.

Easy care and hard-wearing, with excellent resistance to atmospheric agents and water, they are available in classic basket weave, twill and chevron, in subtle natural colourways and stronger blues and berry shades.

LORO PIANA OUTDOOR FABRICS

FIRE RETARDANT COLLECTIONS

This new generation of outdoor fabrics in Trevira[®] delivers the flame retardant protection of polyester, as well as standing up to UV rays, water, salt, chlorine and mould. 100% Polyester UV resistant for outdoor use, specially designed for areas such as decks, patios and verandas.

Easy care and hard-wearing, with excellent resistance to atmospheric agents and water, they are available in solid colour fabric with a raised diagonal jacquard weave, fine stripe pattern or wide stripes.
